

# **NEVER FAIL**

Words and Music by  
Jack McGrath, Munashe Mutambiranwa,  
Brendan Tan & David Ware

**This is a song for the valleys  
For the harder days  
Something to remind me  
When I've lost my way**

**And even though it's dark right now  
I know morning comes  
'Cause You're the God of the promise  
And what You say is done**

**And in the battle  
When I'm surrounded  
Still my soul will hold  
To all You've said**

**You're my refuge and strength  
My yes and amen  
Put my trust in Your Name  
'Cause You have never failed me yet**

**You're the breaker of chains**

**Defeated the grave  
All my hope in Your Name  
'Cause You have never failed me yet**

**This is a prayer for the desert  
When the road seems long  
Waiting for the promise  
That is yet to come**

**And even in the wilderness  
You will lead me home  
Jesus You are with me  
You're my only hope**

**And in my failure  
And through my weakness  
Still my soul will hold  
To all You've said**

**You're my refuge and strength  
My yes and amen  
Put my trust in Your Name  
'Cause You have never failed me yet**

**You're the breaker of chains  
Defeated the grave  
All my hope in Your Name**

**‘Cause You have never failed me yet**

**No**

**And You never will no**

**No You'll never fail me**

**You'll never fail me**

**Come on sing it**

**If You are not in it**

**If You're not in it I don't want it**

**If You said it I believe it**

**Where You call me I will follow**

**‘Cause You have never failed me yet**

**If You're not in it I don't want it**

**If You said it I believe it**

**Where You call me I will follow**

**‘Cause You have never failed me yet**

**(Come are you ready to declare it)**

**If You're not in it I don't want it**

**If You said it I believe it (eh)**

**Where You call me I will follow**

**‘Cause You have never failed me yet**

**If You're not in it I don't want it**

**(And) If You said it I believe it  
So where You call me I will follow  
'Cause You have never failed me yet**

**You have never failed me yet  
You have never failed me yet**

**You're my refuge and strength  
My yes and amen  
Put my trust in Your Name  
'Cause You have never failed me yet**

**You're the breaker of chains  
Defeated the grave  
All my hope in Your Name  
'Cause You have never failed me yet**

**If You're not in it no  
If You're not in it I don't want it  
If You said it I believe it  
Where You call me I will follow  
'Cause You have never failed me yet**

**If You're not in it I don't want it  
If You said it I believe it  
Where You call me I will follow  
'Cause You have never failed me yet**

**If You're not in it I don't want it  
If You said it I believe it  
Where You call me I will follow  
'Cause You have never failed me yet**

**If You're not in it I don't want it  
If You said it I believe it  
Where You call me I will follow  
'Cause You have never failed me yet**
