

# SELAH - JOSH

Words by  
Joshua Kpozehouen

**So we are going to do a Song  
I am sure you guys know it**

**But what I really love about this song Pride  
of The father  
It's something that is really special to me**

**'Cause the whole thing with this song  
Is knowing that when God sees us  
He doesn't see our shame  
He doesn't see our iniquities  
He sees us for us**

**And He sees our heart and it's the most  
beautiful thing.  
It's the most beautiful thing and I just feel  
like there's young people that are coming  
today maybe there is regret and shame  
and things that just kind of make you feel  
unworthy.**

**But the beautiful thing is that when we come into the presence of God, when we come into the presence of God the weight is lifted.**

**And that He sees our heart, He sees us through the light of His son, He washes us in forgiveness and mercy. So I just want to speak that over you guys and just pray that this song ministers to you from that point and that you can connect to the presence of God.**
