VERSE 1

C#m
When the road runs dead
E
You can see a way I don't
C#m
And it makes no sense
E
But you say that's what faith is for
C#m
When I see a flood You see a promise
E
When I see a grave You see a door
C#m
And when I'm at my end
E
You see where the future starts

CHORUS

C#m7
I don't know how You make a way
A E
But I know You will
C#m7
I don't know how You make a way
A E
But I know You will
C#m7
You've been good on every promise

From Eden to Zion
B A
Through every dead end
E
And out of that grave
C#m7
I don't know how You make a way
A E
But I know You will

VERSE 2

C#m
When the world's on fire
A E
It's not like You don't have a plan
C#m
And when the earth gives way
A E
On this Rock Your Church will stand
C#m A
Nothing has ever once surprised You
E
Nothing has ever made You flinch
C#m
And when it all shakes out
A E. N.C.
The gates of hell don't stand a chance

Repeat CHORUS

You pulled my heart from Egypt
C#m B

The story ends in You

Look back at where we've been
From all our chains to endless praise
The story ends in You
